INDEX TO MEDICAL ULTRASOUND, VOL. 4

Page numbers in Volume 4 (1980) are continuous through each issue. Issues by month and pages are listed below.

Issue	Month	Pages
1	February	1–42
2	May	43–86
3	August	87–118
4	November	119–150

Subject Index

ABDOMEN
A tailored approach to abdominal ultrasound examination. Hayes et al. 52
ABDOMINAL PREGNANCY
Ultrasound as a diagnostic aid in abdominal pregnancy. Inman et al. 26
ARTERIAL SYSTEM
Examination of the carotid circulation by means of continuous-wave Doppler ultrasound. Champagne et al. 9
BRAIN ASSESSMENT
The use of real-time sonography in the assessment of neonatal brains. Digney. 135
CAROTID CIRCULATION
Examination of the carotid circulation by means of continuous-wave Doppler ultrasound. Champagne et al. 9
DOPPLER
Examination of the carotid circulation by means of continuous-wave Doppler ultrasound. Champagne et al. 9
ECHINOCOCCAL CYST
Ultrasound findings in echinococcal cyst. Fucillo. 69
EDUCATION
Educationally speaking: Developing an ultrasound teaching file. Murphy-Irwin. 108
ENDODERMAL SINUS
Endodermal sinus tumor in pregnancy: Sonographic and clinical features. Bisker et al. 75
FETUS PAPYRACEUS
Ultrasound demonstration of fetus papyraceus in a twin pregnancy. Warner et al. 141
GASTRIC LEIOMYOSARCOMA
Sonographic diagnosis of gastric leiomyosarcoma. Beitia et al. 30
HODGKIN'S DISEASE
Polycystic liver disease: A pitfall in diagnosing Hodgkin's disease of the liver. Rudder et al. 145
HORMONES
The thyroid gland: A review for sonographers. Barton. 127
HYDATIDIFORM MOLE
Clinical and sonographic aspects of hydatidiform mole. Skelly. 87
INTERSTICES
Interstitial pregnancy. Weinrich. 101
ISOTOPE CORRELATION
Ultrasound and isotope correlation in perihepatic scanning. Mazyck et al. 28
LEUKEMIA
Gross splenomegaly in two leukemia patients. Rudder. 72
LIVER
A model of a hepatic mirror-image artifact. Gardner et al. 19
Polycystic liver disease: A pitfall in diagnosing Hodgkin's disease of the liver. Rudder et al. 145
Ultrasound and isotope correlation in perihepatic scanning. Mazyck et al. 28
Ultrasound findings in echinococcal cyst. Fucillo. 69
MASSES
A model of a hepatic mirror-image artifact. Gardner et al. 19
Pancreatic carcinoid tumor evaluated by ultrasound. Rudder. 31
Sonographic diagnosis of gastric leiomyosarcoma. Beitia et al. 30
MIRROR-IMAGE ARTIFACT
A model of a hepatic mirror-image artifact. Gardner et al. 19
OBSTETRICS
Clinical and sonographic aspects of hydatidiform mole. Skelly. 87
Endodermal sinus tumor in pregnancy: Sonographic and clinical features. Bisker et al. 75
Interstitial pregnancy. Weinrich. 101
Prenatal and postnatal sonographic demonstration of bilateral ureteropelvic junction obstruction. Matturri et al. 94
Ultrasound as a diagnostic aid in abdominal pregnancy. Inman et al. 26
Ultrasound demonstration of fetus papyraceus in a twin pregnancy. Warner et al. 141
The umbilical vein diameter in RH isoimmunization. Mayden. 119
PANCREAS
Pancreatic carcinoid tumor evaluated by ultrasound. Rudder. 31
PATIENT POSITIONING
Gross splenomegaly in two leukemia patients. Rudder. 72
Obtaining an adequate renal scan for the difficult patient. Peters. 92
A tailored approach to abdominal ultrasound examination. Hayes et al. 52
PELVIC ANATOMY
Pelvic ultrasonography. Green. 62
PENETRATION PRINCIPLES
Ultrasound resolution and penetration principles. Rose et al. 12
PERIHEPATIC SCANNING
Ultrasound and isotope correlation in perihepatic scanning. Mazyck et al. 28
PHYSICS AND INSTRUMENTATION
Clinical application of transducer technology. Rudder. 45
A model of a hepatic mirror-image artifact. Gardner et al. 19
Ultrasound resolution and penetration principles. Rose et al. 12
PREMATURE NEONATES
The use of real-time sonography in the assessment of neonatal brains. Digney. 135
REAL TIME
The use of real-time sonography in the assessment of neonatal brains. Digney. 135
RENAL DISEASE
Obtaining an adequate renal scan for the difficult patient. Peters. 92
Sonographic appearance of bilateral renal Burkitt's lymphoma. Wedel et al. 24
Sonographic demonstration of a renal angiomyolipoma. Rudder et al. 22
RH DISEASE
The umbilical vein diameter in RH isoimmunization. Mayden. 119
SCANNING TECHNIQUES
Pelvic ultrasonography. Green. 62
SPLEEN
Gross splenomegaly in two leukemia patients. Rudder. 72
Sonographic demonstration of splenic calcifications. Barodte. 143
TEACHING FILE
Educationally speaking: Developing an ultrasound teaching file. Murphy-Irwin. 108
THYROID GLAND
The thyroid gland: A review for sonographers. Barton. 127
TRANSDUCER TECHNOLOGY
Clinical application of transducer technology. Rudder. 45
A tailored approach to abdominal ultrasound examination. Hayes et al. 52
Ultrasound resolution and penetration principles. Rose et al. 12
TROPHOBLASTIC DISEASE
Clinical and sonographic aspects of hydatidiform mole. Skelly. 87
ULTRASOUND RESOLUTION
Clinical application of transducer technology. Rudder. 45
Ultrasound resolution and penetration principles. Rose et al. 12
UMBILICAL VEIN
The umbilical vein diameter in RH isoimmunization. Mayden. 119
URETEROPELVIC JUNCTION
Prenatal and postnatal sonographic demonstration of bilateral ureteropelvic junction obstruction. Matturri et al. 94

Author Index

Bader B: See Warner RW, jt. author
Barodte JT: Sonographic demonstration of splenic calcifications. 143
Barton TB: The thyroid gland: A review for sonographers. 127
